

REMARKS

By the present Amendment, the specification is amended to include identification of the application as a Section 371 filing. The claims are amended to omit multiple dependency and for several matters of form in accordance with customary U.S. patent practice. It is believed that these changes do not involve any introduction of new matter, whereby entry is believed to be in order and is respectfully requested.

Respectfully submitted,

Holly D. Kozlowski, Reg. No. 30,468
